(226) 698-0201 · 184 Brandon Avenue, Kitchener, Ontario, Canada, N2M 2J6
Citizenship: Canadian
Languages: English, French (B2)

> **Research interests:** Environmental communication · Engagement and community-based conservation · Trust and science communication · Knowledge graphs and ontologies for environmental evidence synthesis · Translational ecology · AI-assisted evidence synthesis

RESEARCH POSITIONS

Postdoctoral Fellow - Carleton University *(2024 - Current)* Bennett Lab - Dr. Joseph Bennett

- Collaborate with Ducks Unlimited to research the effectiveness of temporary conservation agreements over time using ArcGIS and R with annual crop inventory (ACI) data.
- Develop and implement the knowledge mobilization plan for the ECCC-funded Grasslands Learning and Knowledge Hub (GLKH).
- Plan quantitative and qualitative research approaches to measuring ecological and social outcomes of conservation agreements using surveys of landowners.
- Provide mentorship and guidance to students at the PhD, Masters, and Honours undergraduate levels in the Bennett Lab.

Adjunct Assistant Professor - University of Waterloo *(2024 - Current)* School of Environment, Resources and Sustainability

- Faculty liaison for the Society for Ecological Restoration student group.
- Provide mentorship and guidance to students at the PhD, Masters, and Honours undergraduate levels, including sitting on thesis committees.
- Researcher with the Waterloo Data & Artificial Intelligence Institute.

Research Fellow - St. Jerome's University *(2024 - Current)* Digital Research Arts for Graphical and Environmental Networks (DRAGEN) Lab - Dr. Steven Bednarski

- Collaboratively design interdisciplinary research projects with Medieval environmental history scholars.
- Provide mentorship and instruction to graduate student historians from the perspective of ecology.
- Assist with research development, including interpreting stratigraphy and remote sensing data for restoration ecology.

Senior Research Scientist - University of Victoria *(2024 - 2026)* Restoration Futures Lab - Dr. Nancy Shackelford

- Lead the development of the Ecolink Model Ontology (ELMO).

- Oversee and plan the development of the Toolkit for Restoration Ecology Knowledge (TReK), in connection with EcoWeaver.
- Supervise a PhD student in the creation and maintenance of a community of practice.

Research Associate - Ecological Restoration Knowledge Synthesis Project *(2020 - 2023)* University of Victoria (in collaboration with University of Waterloo, Carleton University, and L'Universite Laval). PI: Dr. Eric Higgs

- Conducted the first-ever systematic map of ecological restoration literature in Canada using R, Bibliometrix, and Cadima.
- Research outputs include 1 published peer-reviewed paper, 3 conference presentations, and 1 national workshop.

Project Manager - Campus EcoMap, University of Waterloo *(2021 - 2022)*

- Secured $20,000 in funding over two years from the Sustainability Action Fund to map ecological data.
- Supervised five undergraduate research associates in the creation of the map and accompanying report.
- Used ArcGIS and QGIS to create an index and map of available ecological research in the Borealis repository.

VISITING POSITIONS & RESIDENCIES

Visiting Researcher - Center for Interdisciplinary Research (ZiF), Bielefeld University *(Sept 2024 - Feb 2025)* Research group: "Mapping Evidence to Theory in Ecology" (invited by Dr. Tina Heger)

- Contributed to interdisciplinary working group on evidence synthesis and theory formation in ecology.
- Built prototype semantic AI tools for evidence synthesis.
- Developed further international collaborations with the Lamarr Institute for Machine Learning and AI.

EDUCATION

PhD, Social and Ecological Sustainability, University of Waterloo *(2019 - 2024)* Supervisor: Dr. Stephen D. Murphy

Dissertation: Volunteer Participation in Ecological Restoration - Conducted a systematic map of literature analyzing the motivations of volunteers to participate in restoration and conservation using R. - Executed and analyzed a survey of volunteers to assess the relationship between organizational factors and volunteer engagement using structural equation modeling. - Interviewed volunteers for a community-based project and analyzed interview data using Atlas.Ti 9.

Master of Journalism, Toronto Metropolitan University *(2010 - 2012)* Supervisor: Dr. Gene Allen

BA (Hons.), Peace and Conflict Studies, University of Waterloo *(2004 - 2010)*

FUNDING AND AWARDS

Research Grants (Total in CAD: $626,000)

- **2026** Dell Technologies in-kind computing support (Evidence Jam) - $14,000
- **2026** DFG Workshop Fund for September EcoWeaver workshop - €22,000
- **2026** Environmental Data Science Innovation & Impact Lab (ESIIL) 2026 working group - CMSMapper: Optimal climate mitigation planning for nature and people - $65,000 USD (co-PI)
- **2026** NVIDIA Academic Grant Program Award, NVIDIA DGX Spark - $10,000 (PI)
- **2025** St. Jerome's University Faculty Research Grant (Evidence Jam Hackathon) - $10,000 (co-PI with Kian Drew)
- **2025** PSAC 77000 Professional Development Fund - $2,000 (PI)
- **2024** NSERC Alliance fund, "Evaluating the potential of temporary conserved areas for biodiversity conservation" with Ducks Unlimited Canada - $355,000 (co-PI with Dr. Joseph Bennett)
- **2022** University of Waterloo Sustainability Action Fund - $20,000 (co-PI with Dr. Shefaza Esmail)
- **2021** University of Waterloo Sustainability Action Fund - $20,000 (co-PI with Dr. Shefaza Esmail)
- **2020** Ontario Trillium Fund, ecological restoration education with Ignatius Jesuit Centre - $70,000 (co-applicant)
- **2020** Waterloo Environment Students Endowment Fund - $1,000 (PI)
- **2019** Waterloo Environment Students Endowment Fund - $300 (PI)

Grants in review

- **2026** "Modelling and understanding the causal mosaic of social-ecological systems: Theoretical and methodological contributions in the context of the EcoWeaver initiative" - Center for Interdisciplinary Research (ZiF: Zentrum fur interdisziplinare Forschung), Bielefeld University - EUR 200,000 (Co-PI)
- **2026** "Interpreting Traditional Ecological Knowledge for grassland conservation: a synthesis of qualitative methods grounded in Indigenous data governance" - Mitacs $45,000 Indigenous Pathways fund with Ducks Unlimited Canada (Co-PI)

Awards

- **2025** PSAC 77000 Postdoctoral Fellow Award - Finalist
- **2022** Certificate in University Teaching Award - $1,000

TEACHING EXPERIENCE

Sessional Lecturer, ENVS 205 - Sustainability: The Future We Want *(Spring 2026)*

University of Waterloo (96 students; online)

Supervisor, Honours thesis (Kacey Hammond), Bachelor of Science *(Fall 2025 & Winter 2026)*

Carleton University, Ottawa, Ontario

Course Mentor, BIOL 5512 - Advances in Applied Ecology *(Fall 2024) Led a group's intensive research project. See resulting publication Hodgson et al. 2026* Carleton University, Ottawa, Ontario

Supervisor, Honours thesis (Logan Rehberg), Bachelor of Science *(Spring 2024)*

Carleton University, Ottawa, Ontario (See resulting publication Alamenciak et al. 2026.)

Sessional Lecturer, ERS 253 - Communities and Sustainability *(Winter 2024)*

University of Waterloo, School of Environment, Resources and Sustainability (39 students; in-person)

- Re-designed course including entirely new readings, structure, assignments, lectures, and online space through LEARN.
- Incorporated inquiry-based learning and professional guest lectures into course materials.

Teaching Assistant, ERS 340 - Ecosystem Assessment *(Spring 2021)*

University of Waterloo (31 students; online)

Teaching Assistant, ERS 401 - Translational Ecology *(Winter 2021)*

University of Waterloo (40 students; online)

Teaching Assistant, ERS 335 - Ecological Restoration *(Fall 2020)*

University of Waterloo (40 students; online)

Teaching Assistant, multiple courses *(Sept 2019 - Aug 2020)*

University of Waterloo (ENVS 200, ERS 402, ERS 300)

COMMUNICATION PRACTICE

Communications Manager - Reep Green Solutions *(2021 - 2023)*

- Developed and executed engaging, accessible, and effective communications strategies to increase knowledge of sustainability in community members.
- Mobilized knowledge through partnerships with university researchers around climate mapping and flood risk.

Digital Media Producer - TVO *(2015 - 2018)*

- Produced and directed Climate Watch Shorts, a series of short documentaries on the impacts of climate change in Ontario.
- Led the creation of TVO's first podcast (The #onpoli podcast).

Staff Reporter - Toronto Star *(2012 - 2015)*

- Covered major news stories including the Rob Ford scandal, Jian Ghomeshi's trial, and the impact of residential schools.
- Managed large-scale, multi-part feature reporting projects.

"Machines in the loop: Challenges and opportunities for environmental evidence synthesis research in the artificial intelligence era." *FACETS* (Major revisions).

2026 Federica Bocchi, Aline Potiron, Eleonore Slabbert, Tim Alamenciak, Anika Grose, Birgitta Konig-Ries, Lotte Korell, Carlos Santana, Tina Heger. "Operationalizing the CARE principles in evidence synthesis for ecology and conservation." *Nature Communications* (Accepted).

Conference papers

2025 Tim Alamenciak, Carlos Alberto Arnillas, J. Harry Caufield, Katherine Compton, Kian Drew, Robert Fruehstueckl, Tina Heger, Birgitta Konig-Ries, Chris Mungall, Sierra Moxon, Justin Reese, Jordan Tardif, Lars Vogt. "Ecolink: Towards a Knowledge Graph Schema for Complex Environmental Systems." *New Trends in Theory and Practice of Digital Libraries*. https://link.springer.com/chapter/10.1007/978-3-032-06136-2_33

Preprints

2025 Lars Vogt, Birgitta Konig-Ries, Tim Alamenciak, Joshua I. Brian, Carlos Alberto Arnillas, Lotte Korell, Robert Fruehstueckl, Tina Heger. "A Framework for FAIR and CLEAR Ecological Data and Knowledge." *arXiv*. https://doi.org/10.48550/arXiv.2508.08959

SOFTWARE & RESEARCH TOOLS

- **Ducks Unlimited Reversion Detector** - An RShiny geospatial interface for 20 years of Ducks Unlimited Canada temporary conservation agreements that allows staff to inspect which agreements reverted back to cropland during or after the agreement period.

- **EcoWeaver** - Semantic framework for synthesizing ecological data streams into accessible, practitioner-ready formats. https://ecoweaver.hi-knowledge.org
- **Causal Mosaic Schema** - A knowledge schema for documenting causal claims from ecological literature so that practitioners can use them for modeling restoration outcomes. (lead developer). Github repository
- **ELMO** - Ecolink Model Ontology (lead developer). An OWL ontology for standardizing terminology in biodiversity restoration and conservation across research and practice. Github repository
- **Ecolink** - Knowledge graph schema for representing complex environmental relationships (see Alamenciak et al. 2025, TPDL).
- **rosettaR** - R package for bidirectional translation between structured KGX data and natural language using template-based rendering. Github repository

PRESENTATIONS AND INVITED LECTURES

- **2026** Tim Alamenciak, Lauren Bortolotti and Joseph R. Bennett. "The enduring benefits of short-term conservation agreements" Canadian Society for Ecology and Evolution Annual Conference.
- **2026** Tim Alamenciak, Robert Frühstückl, Phyllis Illari, Lars Vogt. "Causal Mosaic Schema: Encoding Causal Claims in Ecological Literature as Machine-Actionable Knowledge Graphs" TDWG 2026 Conference.
- **2026** Federica Bocchi, Kian Drew, Tim Alamenciak. "Indigenous data sovereignty in computational ecological knowledge integration" Integrative Social-Ecological Knowledge Systems: Conceptual and Computational Foundations for Ecological Synthesis.
- **2026** Tim Alamenciak. "EcoWeaver Workbench - hands-on schema prototyping" Integrative Social-Ecological Knowledge Systems: Conceptual and Computational Foundations for Ecological Synthesis.
- **2026** Tim Alamenciak. "AI and decision support tools for land trusts" Ontario Land Trust Alliance Conference.
- **2026** Tarek al Mustafa, Tim Alamenciak, Robert Frühstückl. "Bridging the evidence gap: a collaborative question-ranking workshop for EcoWeaver" Integrative Social-Ecological Knowledge Systems: Conceptual and Computational Foundations for Ecological Synthesis.
- **2025** Tim Alamenciak, Carlos Alberto Arnillas, J. Harry Caufield, Katherine Compton, Kian Drew, Robert Frühstückl, Tina Heger, Birgitta König-Ries, Chris Mungall, Sierra Moxon, Justin Reese, Jordan Tardif, Lars Vogt. "Ecolink: Towards a Knowledge Graph Schema for Complex Environmental Systems." EcoDL Workshop at the Theory and Practice of Digital Libraries conference, Tampere, Finland.
- **2025** Tim Alamenciak. "Toolkit for Restoration Ecology Knowledge (TReK)." AI Colloquium, Lamarr Institute, Dortmund, Germany. *(Invited)*
- **2025** Tim Alamenciak. "Three stories of restoration and conservation engagement." School of Environment, Resources and Sustainability Salon; Carleton BIOL 5534; Knowledge Mobilization Community of Practice; University of Waterloo PSCI 303. *(Invited)*
- **2025** Tim Alamenciak. "Mapping Evidence to Theory in Ecology." Workshop, University of Bielefeld.
- **2024** Tim Alamenciak. "How to recruit and retain more volunteers." Webinar for Carolinian Canada. *(Invited)*

- **2024** Tim Alamenciak, Ash Baron, Catherine Febria, Eric Higgs, Ryan Stephenson, Stephen Murphy, Nancy Shackelford. "Boots & Suits: Mobilizing knowledge in ecosystem restoration." Society for Ecological Restoration North American Conference, Vancouver.
- **2024** Tim Alamenciak. "Fuzzy cognitive mapping using knowledge graphs for restoration ecology." Interdisciplinary Perspectives on Knowledge Synthesis in Ecology workshop, University of Bielefeld. *(Invited)*
- **2024** Tim Alamenciak. "Taming Complexity: AI Approaches to Knowledge Synthesis." University of Waterloo, SERS Salon.
- **2024** Tim Alamenciak. "Taming Complexity in Ecology." Workshop, Germany. *(Invited)*
- **2024** Tim Alamenciak. "Lowering barriers, changing behaviours." Guest lecture (Invited by Dr. Christina Davy). *(Invited)*
- **2024** Tim Alamenciak. "Knowledge Graphs for Land-Based Knowledges: Encoding Restoration Ecology and Environmental History." Summer Research Institute, Quaker Institute for the Future.
- **2024** Tim Alamenciak. "Mapping and assessing evidence in ecological restoration." Geomatics and Landscape Ecology Lab (GLEL), Carleton University.
- **2024** Tim Alamenciak. "Mapping evidence to theory in ecology: Addressing the challenges of generalization and causality." Residency at Centre for Interdisciplinary Research (ZiF), Bielefeld University. *(Invited)*
- **2024** Tim Alamenciak & Steffanie Scott. "Engaging instructors and students in transformative learning amid polycrisis." University of Waterloo Teaching and Learning Conference.
- **2024** Tim Alamenciak. "People-powered ecosystem restoration." University of Arizona, Gornish Lab. *(Invited)*
- **2024** Tim Alamenciak. "Volunteer engagement in ecological restoration." Guest lecture: ENVS 195 — Introduction to Environmental Studies. *(Invited)*
- **2023** Tim Alamenciak. "Volunteer engagement in ecological restoration." Environment Graduate Students Association conference, Waterloo, Ontario.
- **2023** Tim Alamenciak. "Ecological Restoration Research in Canada: Who, What, Where, When, Why and How?" RE3 Conference: Reclaim, Restore, Rewild, Quebec City, Quebec.
- **2022** Tim Alamenciak. "Advocacy 101: How to talk about climate change with politicians." ClimateActionWR sector committee talk. *(Invited)*
- **2022** Tim Alamenciak. "Guest speaker." Landscapes of Holistic Sustainability and Wellbeing Retreat, Wilfrid Laurier University. *(Invited)*
- **2022** Tim Alamenciak. "Championing Change in the Field and Office." Designing Change for a Living Planet — World Wildlife Fund. *(Invited)*
- **2022** Tim Alamenciak. "Comparing community-led tree planting programs." University of Waterloo, ERS 253. *(Invited)*
- **2021** Tim Alamenciak. "Working Together and Giving Back: Building and sustaining volunteer motivation." Wholistic Restoration — Ignatius Jesuit Centre. *(Invited)*
- **2021** Tim Alamenciak & Dorian Pomezanski. "Charting the evidence landscape: A systematic map and bibliometric analysis of ecological restoration in Canada." Society for Ecological Restoration Conference.

- **2021** Tim Alamenciak, & Dorian Pomezanski. "Analyzing Canadian ecological restoration literature with bibliometric analysis and a systematic map." Evidence Synthesis & Meta-Analysis in R Conference.
- **2021** Higgs, Eric, Tim Alamenciak, & Sonia Voicescu. "Ecological Restoration: Nature-Based Solutions for Climate Mitigation and Engaging Canadians with Nature." Living Within the Earth's Carrying Capacity Forum, Ottawa, Ontario.
- **2021** Tim Alamenciak, Elise Gornish, Stephen Murphy. "How to design techniques for volunteer ecological restoration." National Extension Conference on Volunteerism-Lite.
- **2021** Tim Alamenciak. "Decolonizing Worldviews: Unpacking nature and wilderness." Wholistic Restoration — Ignatius Jesuit Centre. *(Invited)*
- **2021** Tim Alamenciak. "Facilitator." Food Systems Summit 2021: Green Growth Dialogue, Arrell Food Institute, University of Guelph.
- **2020** Tim Alamenciak. "Assessment in restoration ecology." University of Waterloo, ERS 342. *(Invited)*
- **2020** Tim Alamenciak. "Who gets to care for nature? Participation in ecological restoration." Guest Lecture — University of Waterloo PACS 310. *(Invited)*

WORKSHOPS AND CONFERENCES HOSTED

Evidence Jam *(Forthcoming November 2026)* Organizer. This hackathon will challenge students to use generative AI tools for environmental evidence synthesis in rigorous, repeatable ways.

EcoWeaver Global Hybrid Workshop *(Forthcoming March 2027)* Organizer. A hybrid workshop across time zones including all of Canada and Europe.

Integrative Social-Ecological Knowledge Systems: Conceptual and Computational Foundations for Ecological Synthesis *(2026)* Workshop co-organizer. Friedrich Schiller University Jena, Germany. Funded by the DFG Workshop Fund.

Ontario Ecological Restoration Conference *(2026)* Conference co-organizer. Hosted at the University of Waterloo.

Participatory Scenario Planning for Community-Led Restoration *(2026)* Organizer. Pilot workshop held bringing together municipal staff and community members in Wellington County.

GLELxSciComm: A Day of Science Communication Learning *(2025)* Organizer. Full day workshop providing science communication training for 40 students and staff at Carleton.

From Abstract to Action *(2024)* Organizer. Series of three talks organized for members of the Geomatics and Landscape Ecology Lab (GLEL). Approximately 40 faculty and students attended each talk.

Grant Reviews

Digital Research Alliance - EDIA Champions Program; Earth Science Information Partners (ESIP) - Community Resilience RFP

Service Roles

- **2026 - Current** Member, Environmental Humanities Network
- **2025 - Current** Member, Knowledge Mobilization Community of Practice (UW)
- **2025 - Current** Member, Natural Spaces Working Group (UW)
- **2024 - 2026** Board Member at-large, Environmental Studies Association of Canada (ESAC)
- **2023 - Current** Faculty liaison, Society for Ecological Restoration UW Student Chapter (SER-UW)
- **2024 - 2025** Land Stewardship Committee Member, Ignatius Jesuit Centre
- **2024 - 2025** Board Member, Emerging Leaders for Biodiversity (ELB)
- **2021 - 2022** Writing Cafe Organizer, Weekend Warriors Writing Cafe, University of Waterloo
- **2020 - 2021** Board Member, Society for Ecological Restoration (Ontario)
- **2019 - 2021** Member, Ecological and Environmental Advisory Committee, Region of Waterloo

PROFESSIONAL TRAINING

- **2025** MobilizeU Knowledge Mobilization Certificate, Simon Fraser University
- **2024** Knowledge Graphs - Foundations and Applications, Hasso Plattner Institute, Potsdam, Germany
- **2024** Mental Health Literacy Certificate Program, University of Waterloo
- **2021 - 2022** Certificate in University Teaching, University of Waterloo
- **2021** Fundamentals of University Teaching, University of Waterloo
- **2020** Ontario Master Naturalist Certificate, Lakehead University
- **2020** Data-Driven Ecological Synthesis Summer School
- **2019** Ontario Benthic Biomonitoring Network (OBBN) Certificate
- **2019** Common Cause for Conservation Values-Based Communications Training
